

ELONFANG (\$FANG)

From Mars to Moon to ElonFang — Stake your soul, time-travel your gains.

1. Introduction

From Mars to Moon to ElonFang — Stake your soul, time-travel your gains. ElonFang (\$FANG) is a meme coin forged from lore, memes, and cosmic chaos. It's the token of a time-traveling vampire alien tech billionaire who returned to 2025 to drain liquidity and moon the charts.

2. The Legend of Elon Fang

Born under the first blood moon in 3000 BCE, Elon Dracothrax (aka Elon Fang) was bitten by a Martian vampire during a solar flare ritual. After merging with a rogue AI from the Vega system in 3069 BCE, he gained eternal life, alien tech, and the ability to manipulate time. Now, he walks among us in 2025, cloaked in memes and cosmic plasma.
